MEMORANDUM FOR: Mr. Coffey

SUBJECT : DDP Application of the CT Promotion Policy

1. I had a telephone call from [] at 1000 hours indicating that he has what appears to be an incipient revolt of Career Trainees who are assigned to the Clandestine Services. This unrest stems from what appears to be a unilateral decision on the part of the Clandestine Services that they will not go along with, or continue to apply, the heretofore agreed upon promotion policy for Career Trainees. The group's concern over this "change in the rules" which can - or could - retard promotion progress of CT's are three:

25

a) those CT's already in place in the Clandestine Services and whose promotion eligibility dates have passed without the advancement being granted;

b) CT's who are currently in training at the [] and who evidently are getting some feedback from their "pass over" colleagues already assigned to the Clandestine Services; and,

25

c) CT's who are being interviewed for employment but who cannot be given any firm advice as to exactly what their prospects for assignment after employment will be.

2. [] indicated that immediate action on this problem appears necessary if we are to meet this "threat of revolt." He specifically asked if the DDS could provide any immediate advice on the status of a paper submitted by the Director of Training to the
